## 2019-2020 Consortium Agreement

A consortium agreement is a contract between two schools that recognize the registration of a student at each site for financial aid purposes. The consortium agreement certifies that only one of the two schools will administer financial aid. The HOME\* school is where the student is fully admitted and from which he or she will graduate. The HOST school is where the student temporarily takes courses, whose credits will be transferred back to his or her HOME school to go towards the student's degree.

It is the student's responsibility to send the consortium contract to the HOST program and confirm that Providence College has received it back from the HOST program. Failure to complete a consortium agreement could result in your aid being cancelled by Providence College for the term checked below.
